This just has to be the answer to what you're looking for in a family sized, young, clean modern home. With all the hard work taken out of building, you would be the lucky one to put your name against this one. Built by the Dennis Family, this open design home features four large bedrooms with the master offering both walk in robes and a full ensuite. A separate formal lounge is offered, while the central laminate kitchen entails stainless appliances including dishwasher. Adjoining are the large tiled open meals and family rooms. While only three years young, the balance of the builders warranty passes on giving you peace of mind when buying here. Gas ducted heating and a split system air conditioner keep you cosy all year around, while an automated access double garage also offers internal access for the winter months and is perfect for the cars or handyman. Offering a just walk in approach and squeaky clean in every aspect, the front and rear
