4 2 2

Comprising of four spacious bedrooms with the master entailing a parents retreat, both his and hers walk in robes and an over-size bath ensuite this modern family home is truly breathtaking. The open plan design offers multiple living zones including formal living and dining, a central solid hardwood kitchen with stainless steel appliances including dishwasher which continues onto a second meals and family area, while the study and generous size rumpus room are an added bonus. The beautifully landscaped and low maintenance gardens outside continue to impress, and the kids have plenty of space to roam free and explore. With a host of quality appointments such as polished hardwood floors that flow through the lower level, ducted heating and evaporative cooling, a 24 hour security system, ducted vacuum, 2KW solar energy system and a sizable automated double garage this is the definition of a dream home. Set within an extremely sought after pocket within
