Strikingly attractive from the front, but wait till you step inside to modern living at its best! With features galore offering Timber flooring, 9ft ceilings, ducted heating, and a large kitchen with stainless steel appliances plus down lights & feature lights, overlooking a large family room and meals area combined, 4 bedrooms, master ensuite with double vanities, and walk in robe. The positives just keep coming with remote double lock up garage with internal access, and outdoor entertaining area. Combining all this and a terrific location, how can one go wrong?
