Perfectly nestled in this quite country feel location, this property will impress.

This established 3 bedroom + study home has seen 2 children grow and fill this home with laughs and love.

Now is your chance to fill it with your families memories.

Master with ensuite and walk-in robe, study opens opposite the formal living giving more space to entertain.

The chefs kitchen has space to move while overlooking family/dining zones.

Neatly tucked away from view are bedroom 2 and 3 with central bathroom and laundry for your convenience.

This would be the perfect start!

Sitting on an allotment of approx. 400sqm this property definitely has potential.
