Situated in a quiet street, yet right in the heart of it all with Gladstone Park shopping centre right out front and buses almost at your door step. Then you take a look inside and find this beautifully renovated home offers 4 bedrooms, central bathroom, downstairs powder room, a large lounge and dining with timber flooring and a lovely Tasmanian Oak kitchen with quality appliances. Outside, the back yard is big enough for pets and kids to run around, plus there's a large double garage with plenty of extra space for storage. Includes ducted heating and cooling, and much more.
